

Kyle Radant

Professional Summary

I have worked in a variety of establishments such as the food industry, automated car washes, warehouse environments, and now I am transitioning into web development. I have completed a 9-course series for the beginner fundamentals of Front-End Web Development. In these courses I have learned the basics of HTML, CSS, and JavaScript. I am prepared to learn what I am needed for my journey in Front-End Web Development.

Accomplishments

I have completed a 9-course series for front-end web development, having 10 certificates to show for the hard work that was involved.
